#### The hottest name in pool cleaning

Dirt Devil® — the most recognized name in home vacuuming — brings you the Hydro Vac™ Automatic Inground Pool Vacuum. Now you can have the power to clean your inground pool efficiently and inexpensively. Tell your Dirt Devil® Automatic Pool Vacuum dealer or pool professional you want a Dirt Devil® in your pool today.

#### Powerful one-year warranty

The Dirt Devil® Hydro Vac™ is so reliable and well built; it comes with a one-year limited warranty. It's the name you can trust to keep on cleaning day after day, year after year.

#### All the power you need to clean your pool

The Hydro Vac™ has the power to clean your pool from top to bottom automatically. Its suction power picks up everything from dirt to small pebbles. The vacuum also comes with a ladder guard to prevent it from getting hung up on obstructions that protrude from the pool wall (like ladders).

#### Installs in no time

You don't need any tools with the Dirt Devil® Hydro Vac™. It can be installed with ease in minutes. Just attach the disc and hose and put it in your pool. It will do the cleaning so you can spend the day swimming.

#### Designed to work in your pool

Regardless of the shape, size or construction of your inground pool, the Dirt Devil® Hydro Vac™ can clean it. No electricity is needed. It gets its power from your pool's own pump and filtration system. It's easy to install, easy to service and lasts longer than other pool cleaners.

#### Intelligent Specifications

If your pool is larger than a 14' x 28' rectangle, you will need to purchase additional hose sections. The need for additional hose will in large part be determined by the location of your pool's skimmer.

Please contact your pool professional to match the lengths of hose with your pool.
