

Legend® Platinum

Inground Pool Cleaner

By Pentair Water Pool and Spa®

The most powerful pressure-side cleaner available

The Legend® Platinum pool cleaner is ideal for inground pools exposed to higher loads of leaves and debris. No other automatic cleaner is more powerful. And that's why it's a leading choice for pools in yards with lush landscaping and tougher cleaning challenges.

- Independent booster pump supplies optimum cleaning power...this means your surface skimmer works uninterrupted at full capacity.
- Dual thrust jets provide maximum power for cleaning performance and speed...most pools cleaned completely in just 1–3 hours.
- Front-wheel drive and heavily treaded tires provide maximum traction on inclined surfaces to assure total pool wall and floor coverage.
- Large capacity debris channel and huge intake throat easily pick up larger leaves and debris.

Underside of Legend Platinum shows its specially designed debris channel and massive intake throat that remove ultra-small and large debris.

Make pool cleaning the last thing on your mind

The powerful, quick Legend® Platinum cleaner makes short work of removing small and large debris from your pool—sand, dirt, bugs, leaves and more.

- Powered by a low cost booster pump for optimum cleaning power and unimpeded surface skimming.
- Four-wheel design and front-wheel drive combine for superior stability to prevent tipping (common with three-wheel cleaners) for uninterrupted performance.
- New 60% larger debris bag captures more dirt; wider bag opening makes emptying a cinch and new snap-lock bag provides easy, secure closure.
- Thoroughly cleans your pool in just 1-3 hours.
- Suitable for concrete/gunite, vinyl-lined and fiberglass pools.
- One-year limited warranty. See warranty for details.

For a touch of fun, order Legend Platinum with the lively "Truck Series" top shell in red, yellow, gray or white. The shell replaces the standard housing.
